

March 28, 2021

Dear Staff, Parents and Guardians of Hillcrest PS,

As always, the well-being of our students and staff is our top priority. With that in mind, we are letting you know that the Haliburton, Kawartha, Pine Ridge (HKPR) District Health Unit has notified us today of a confirmed case of COVID-19 at our school. This individual will remain at home until the Health Unit advises they may return to school. The identity of this individual is protected by privacy legislation and cannot be shared. We wish them a full and speedy recovery.

We are working closely with HKPR District Health Unit to identify anyone at the school who may have been exposed to this individual while they were infectious. **On behalf of Haliburton, Kawartha, Pine Ridge District Health Unit, we will be notifying all identified contacts with a separate notice to advise them of next steps.**

We appreciate that this news may be concerning for our students, staff and parents. We want to assure everyone that we continue to work closely with the HKPR District Health Unit to respond to this issue, and will follow all their recommendations to help keep students and staff safe.

I can also share with you that our school is thoroughly cleaned and disinfected each day. In addition to our daily pandemic cleaning protocols, which include increased cleaning and disinfecting of high touch surfaces, and thorough cleanings in the evenings, KPR schools are regularly disinfected on a rotating basis with an electro-static sprayer. The Clorox Total 360 System is approved for use against the virus that causes COVID-19; it kills cold and flu viruses, MRSA and norovirus in two minutes or less, kills 99.9% of bacteria in five seconds and can even sanitize soft surfaces. It has been used effectively in schools and other education settings for several years.

Our school will be disinfected by the electro-static sprayer tonight.

To protect yourselves, your children and the community, the Health Unit recommends that you: stay home if you are sick; complete daily self-screening; continue to physically distance from others as much as possible; wear a mask when indoors, on a bus, or when you cannot maintain a two metre distance outside; clean hands often with soap and water or hand sanitizer; cough and sneeze into your sleeve; avoid touching your face; avoiding sharing personal items with others; and avoid close contact with anyone who is ill. For more information regarding COVID-19, please visit <https://www.hkpr.on.ca/covid-19> For information in different languages, please visit [Multilingual COVID-19 Resources | Public Health Ontario](#)

We will continue to let families know of any further developments. If you would like further information on the Kawartha Pine Ridge District School Board's COVID-19 protocols, please visit <http://kprschoosls.ca/en/COVID-19.html>
